

Braelyn's Mom emailed:

“Here is 4 year old Braelyn in her new glasses! Thanks to Cubsight insight vision testing we were able to identify Braelyn's vision difficulties. She loves her glasses and wears them Faithfully. It has made a tremendous difference not only at school but throughout her daily life's activities. We appreciate Cubsight for helping us recognize this problem early on to get her the resources she needed to be successful.

**Braelyn 4 years old
